Hi Aimee,

I've been searching the TCEQ website for the air permit(s) for the W.A. Parish Power Plant to look up what SO2 emission limits are required by the permit. I'm looking for this information to use in a Texas Regional Haze final rule we are working on over in ARSH. Can you direct me to where I can find the permit(s), or if for some reason you readily have it would you email that to me?

Thanks!
